

Did you know???

Each day 10,000 humans are born in the United States - and each day 70,000 puppies and kittens are born. As long as these birth rates exist, there will never be enough homes for all the animals. As a result, millions of healthy, loving cats, dogs, kittens and puppies face early deaths as a form of animal control. Others are left to fend for themselves against automobiles, the elements, animals and cruel humans.

What can you do to stop the suffering? **Spay and neuter your pets!**

Work with the **Friends of Forks Animals** and together we can make a difference.

An unspayed female cat, her mate and all of their kittens, producing 2 litters per year, with 2.8 surviving kittens per litter can total:

| | |
|----------|------------|
| 1 year : | 12 |
| 2 years: | 67 |
| 3 years: | 376 |
| 4 years: | 2,107 |
| 5 years: | 11,801 |
| 6 years: | 66,088 |
| 7 years: | 370,092 |
| 8 years: | 2,072,514 |
| 9 years: | 11,606,077 |

An unspayed female dog, her mate and all of their puppies, and their puppies' puppies, if none were ever neutered or spayed, add up to:

| | |
|----------|--------|
| 1 year : | 16 |
| 2 years: | 128 |
| 3 years: | 512 |
| 4 years: | 2,048 |
| 5 years: | 12,288 |
| 6 years: | 67,000 |

You get the idea... so please spay & neuter your pets!
